

FIBA 3x3 Rankings Quick Guide

Edition 2018

I. CONVENTIONS

There are three official FIBA 3x3 rankings: 1. Individual Ranking, 2. Team Ranking and 3. Federation Ranking. The team and federation rankings are based on the individual ranking.

II. INDIVIDUAL RANKING

1. Overview

The FIBA 3x3 Individual World Ranking of each player is calculated based on points collected considering only the results of the best 9 FIBA3x3-endorsed events played over the last 12 months. The number of points earned at a competition will depend on its level (see below section 1 & 2) and players' performance (see section 3):

- a. Final standings;
- b. Pool results: the best 3 in pool phase;
- c. Individual performance: each players' scoring and key individual stats.

2. Calculation:

Rankings will be calculated **daily at 1200 hours UTC**, except during a New Year break.

3. Event level (Definition of each event can be found in Glossary on FIBA3x3.com)

<i>Event Level</i>	<i>City-based*</i>	<i>National-team**</i>
• Black 10	• FIBA 3x3 World Tour	
• Red 9	• Challengers	• FIBA 3x3 World Cup • FIBA 3x3 Zone Cup
• Brown 8	• Quest Finals	• FIBA 3x3 U18 World Cup • FIBA 3x3 U18 Zone Cup
• Purple 7	• Quest stops • Satellite finals	• Other national-team 18+
• Blue 6	• Satellite stops	• Other national-team U18
• Olive 5	• All other open events	
• Green 4	• 35+ and U18 events	
• Orange 3		• National-team U15
• Yellow 2	• U15 events	
• White 1	• U13 events	

U-*nn* means that said player does not become older *nn* years in the current year.

*U color applies even if playing in older category, except in national-team events, whilst 35+ color applies irrespectively of playing in open category (except for Black, Red, Brown, Purple, Blue)

**National-team competitions require FIBA recognition and simultaneous competition for both genders

Considerations to Event Level:

- Events classifying to a Quest stop are considered as a Satellite stop;
- 3x3 events in continental multi-sport games are classified one level below the Zone Cup whilst other multi-sport games will be considered other national teams competition; OG (and YOG) is considered as if World Cups (U18);
- Int'l Women Pro-Tournaments with min. EUR/USD 5000 prize money are purple;
- Wheelchair is always considered white;
- Minimum category size is 4 teams.

4. Event colors upgrade and downgrade

Event colors can be adjusted (upgraded or downgraded) in the following cases:

Case	Color up/down grading
Tour finals, other than Quest and Satellite ones, in categories with 100 or more teams in all stops ex-final	1 upgrade**
Female and mixed***** category	1 downgrade*
Multiple categories for the same age and gender, if none qualifies or is part of Quest or Satellite	1 upgrade for category "set as Elite"
National-team, other than U23 Nations League, if more than one team from the same country in the same category	1 downgrade
Small size category***, 8-11 teams	1 downgrade**
Mini size category***, 7 or less teams	2 downgrades**
Partially incomplete registration data****	1 downgrade
Incomplete scoring	1 downgrade*
If more than 50% of expected players (assuming 3 players per team) have incomplete registration data****	Downgrade to white
Gradings can be cumulated, minimum color is white. U13 is always white irrespectively of gradings.	

* Not applicable to Black and Red base color categories in city-based competitions

** Not applicable to national team competitions

*** Not applicable in Black, Red and Brown base color categories in city-based competitions and those categories with total competition's prize money in such category above USD 50k and finals of tours with more than 100 distinctive players (with a confirmed account) in all its qualifying stops of said category

**** Event is made official with incomplete player data; complete data include name, surname, day of birth, gender, city & country of residence, nationality

*****A category is Mixed when having players of both genders there are less than 50% of male ones

5. Individual ranking points collected at events

There is only one table of individual ranking points for all FIBA-endorsed competitions. Points will depend on the level of the event (crescendo from white to black):

Table of Ranking Points of FIBA-endorsed events (“Table”)

6. Tour points for tour standings

Irrespectively of tournament size, tour points are awarded in each tour's tournament for tour standing purposes:

Tournament standing	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17-32	33+
Tour points	100	80	70	60	50	45	40	35	20	18	16	14	12	11	10	9	3	1

7. Sanctions

Sanctions to players by FIBA can include the partial or complete loss of ranking points.

III. Team Ranking

8. Overview of team ranking

The **FIBA 3x3 Team Ranking** is calculated based on ranking points of each team.

Team ranking points are the **sum of the ranking points of the three highest rank players** of said team; whereas teams are identified based on World Tour teams or in its default by the **usual team concept**; whereas the top ranked players have players exclusively allocated to their team on an iterative basis.

Iterations are started with top ranked player and will finish when the top 50 teams have been identified, however FIBA reserves right to **publish only rankings of top 30 teams. A top team can be comprised only by four players and up to a maximum of 2 substitutes for the entire season**; a player can belong only to one single team in a (city-based) season, ergo national team competitions are ignored for this restriction.

The Team Ranking is used at the start of the season to determine which teams preferentially qualify directly to the professional circuit (FIBA 3x3 World Tour and 3x3 Challengers). The number of qualified teams and their allocation is defined by FIBA before the start of the season. Furthermore, the Team Ranking is used at the end of the season to determine the year-end bonus for the top ranked teams.

IV. Federation Ranking

9. Overview of federation ranking

The **FIBA 3x3 Federation Ranking** is calculated based on ranking points of each national federation. Federation ranking points are the sum of the ranking points of their top 100 nationals with a confirmed play.fiba3x3.com account in the respective category. In case of tie in federation ranking points, the tied federations will be forced ranked based on each federation's highest ranked player in the corresponding category. Reminder: players tied in points are force ranked using the randomly assigned FIBA 3x3 profile ID.

Respective categories are men, women, U23 men, U23 women, U18 men, U18 women.

The combined federation ranking is the geometric average of the ranking points of men and women (the square root of their product) in order to reward federations that are active and successful with both genders.
