

# 2021 points of emphasis

## 1. Pick&Roll situations

- Defensive foul: pushing the screener or preventing the screener to move freely before setting the screen or moving to the basket
- Defense flopping when receiving the screen or offense faking being held or pushed → Warning, or in case of big theatrical display, technical foul
- Palms of the screener on the defense or extension of the arms on the screen is an offensive foul

## 2. Protection of the shooter

- Particular attention will be brought on the outside shooting actions with close-out defence.
- Hands, body and landing space will be judged. If the airborne offensive player in the AOS spread his leg(s) and the contact occurs or flop then an offensive foul will be called or a T foul if noncontact and theatrical display.

## 3. Grabbing/holding shirt or short of the opponent

- A player grabbing or holding the opponent shirt or short to restrict his/her movement shall be sanctioned with a foul

## 4. Players' behaviour

- Excessive reaction after a referees decision;
- Waving directly at an official;
- Complaining verbally to referees in expressive and repetitive manner  
...will be sanctioned by a technical foul
